Benefits of Apprenticeship Training
- Enhances technical skills for making suitability in job absorption
- Chances of getting selected in job interview increases many folds
- Smoother transition from the world of education to the world in actual work environment

Stipend
The apprentices are paid a monthly stipend by the 10th day of following month. The minimum prescribed rate of stipend is given below. However, the employer may pay stipend at higher rate. Apart from stipend, within the means available, the employer may also extend additional facilities to the apprentices.

Apprentice Information
The students have to enrol in National Web Portal www.mhrdnats.gov.in with valid e-mail id and mobile number for further correspondence.

The opportunity of training is available only once
To qualify for training, the minimum age should be 14 years. For training in hazardous industries, the age should not be less than 18 years

The apprentices may have to undergo periodical skill assessment test as per the schedule fixed by the employer

The employers have to elect a period of training to be considered as work experience

The employer shall formulate its own policy for recruiting any apprentice who has completed training in his establishment

The apprentice may seek redressal of their grievance related to apprenticeship training by registering their grievance on the national web portal www.mhrdnats.gov.in
